Required Apps

iClassPro

We use iClass Pro for registration, payments, and online bookings for tumble, holiday & recreational classes. You can access the iClass Pro parent portal one of two ways, via the iCP App or on our website. For the app you will need our organisational name which is tntallstars2014. The app is available on all mobile Platforms.

New to TNT?

Prior to the 2nd of December 2023 you will be able to log on to the parent portal via one of the below platforms and click the "create an account" button. From here you can book into a tryout applicable to your age and skill level. If you are joining us after tryouts please contact info@tntallstars.com.au to discuss a skills assessment or your free trial in one of our classes. Once you have created an account check out our "how to" video tutorial to help you access and use the portal with ease.

Band

While all club information is emailed to enrolled families, we use an app called Band to keep in contact with all our teams directly and to reiterate club information. Coaches often send class updates, videos etc. as well as information about competitions & dress up days. This app is great as it allows us to have all the posting and messaging functions of other social media platforms in a more secure and child friendly setting. Upon registration we require all athletes/parents to access the main "TNT All Stars" Band page and the athletes individual team page/s for 2024. This can be setup with a parent/guardian account, the athlete can have their own personal account or there is the option for you to set up both. When you are creating your account please be sure to use your first and last name so we can confirm your enrollment and accept you into the group. Unfortunately we won't be accepting nicknames or first names only as we want to maintain the security of each Band. The codes for your team/s Band will be provided once your 2024 enrollment is complete. The app is available on all mobile platforms and can also be accessed on your web browser.
